President Russell Sharnsky called the meeting to order at 6:30 p.m.

PLEDGE OF ALLEGIANCE

ROLL CALL: Mayor Roth, here; Mr. Russell T. Sharnsky, here; Mrs. Maria Williams, here; Mrs. Barbara Potts, here; Mr. Todd Stock, here; Mr. Philip Brillhart, here; Mr. Michael Detorakis, here; and Mrs. Kathleen Baum, here.

ALSO PRESENT: William Arnold, Building and Zoning Department; Chief Donald Duman, Police Department; Chief Russell Hose, Fire Department; R. Bryan Nace, Law Department; Ernie Staten, Service Department; Mark Ludwig and Jacob Kaufman, Finance Department; and Tonja Caldwell, Clerk of Council.

Mr. Sharnsky—We have a quorum present. We will follow the pre-printed agenda. There are copies available in the back of the room. At this time, I would ask you to please check to make sure your cell phone is placed in silent mode.

APPROVAL OF MINUTES

Mr. Sharnsky—Our next item of business is the approval of our regular minutes from May 18, 2020. Everyone has received a copy in draft format. Are there any corrections or additions to the minutes as submitted? Hearing none, I would ask the Clerk to please call the roll for approval of the May 18, 2020 regular meeting minutes as submitted.

Mrs. Caldwell—VOTE ON THE APPROVAL OF MINUTES OF MAY 18, 2020: Baum, yea; Detorakis, yea; Brillhart, yea; Stock, yea; Potts, yea; Williams, yea; Sharnsky, yea. Seven yeas on the approval of the May 18, 2020 minutes.

PETITIONS, CLAIMS AND COMMUNICATIONS

Mrs. Caldwell—Council received the Mayor’s Court Monthly Report and the Financial Reports for the month of May which were approved by the Board of Audit on June 2, 2020.

REPORTS OF CITY OFFICIALS

MAYOR’S REPORT, MAYOR ROTH

Mayor Roth—This week marks the retirement of Lt. Mark Adams from the Fairlawn Police Department. He’s been a long-term employee with the department and has provided excellent service for us for, I believe, over thirty years. We are sad to see him go. He’s done a great job. When COVID restrictions are lifted in the fall, we will find an appropriate night to honor his retirement. He’s been made aware of that and we wish him well.

As you know there is an ordinance before Council tonight regarding Cleveland-Massillon, awarding the bid, and I would ask Council to look kindly upon this tonight. As we indicated before, there were six bidders. This is the low bid and it was done by e-bidding. There were no issues doing this way. It’s just like with filing with the IRS on line, the bid is either accepted or rejected. The bids came in and this is below the Engineer’s estimate, and we would like to have the pre-construction meeting as soon as possible in the next week to ten days. The Fourth of July weekend is coming up and the State’s budget starts July 1, so we would like to keep this moving. There is a
companion ordinance in tonight’s packet, which is for the inspection of the project. It’s under the 10% which is pretty much the norm. I would also ask Council to look kindly on that.

The Miller Road sanitary lines replacement is proceeding at pace. They should be out of there shortly.

Other than that, I will comment on legislation as needed.

**LAW DEPARTMENT, R. BRYAN NACE**

Mr. Nace—I have no report this evening.

**POLICE DEPARTMENT, CHIEF DONALD DUMAN**

Chief Duman—I echo what the Mayor said about Mark Adams retiring. His last day will be Wednesday. He has over thirty-seven years here and we are going to miss him. And his experience and knowledge will be truly missed.

We’ve been quite busy, as you can imagine, with COVID-19 and other events in the country. There’s really nothing other than that to report, and I guess, that’s the good report.

**FIRE DEPARTMENT, CHIEF RUSSELL HOSE**

Chief Hose—I have no report this evening.

**ZONING/HOUSING/RESIDENTIAL BUILDING DEPARTMENT, WILLIAM ARNOLD**

Mr. Arnold—We will have a BZA meeting this Thursday, 6:30 p.m. in this room. We have quite the back-log of items. We haven’t had a meeting since February, so there are seven items on the agenda. We will practice social distancing by keeping one proponent in the room at a time.

On July 20th, the Building and Zoning Department will start the Neighborhood Walk-through Program. We will get notice out to the residents late this week or early next week.

**ENGINEERING DEPARTMENT, NICHOLAS SPAGNUOLO (EXCUSED)**

Mr. Staten—Hilen Road waterline; the plans are now in the hands of the City of Akron for review. We hope to have something out for bid in the next couple of weeks.

Brunsdorph bridge is actually an ODOT section of road, even though it’s a bridge on our road. They intend to come in and do some restoration on the bridge. They’re going to sandblast, put an epoxy sealant on the bridge deck, and then repaint the walls. It’s going to be a big improvement. It’s paid for, exclusively, by ODOT. But in order to do the work, we need to close the bridge for five days, so that will start next Monday, June 22, and will reopen sometime on Friday, June 26th.

Mr. Sharnsky—There will be detours posted for that?

Mr. Staten—Yes. The signs are already up stating that there is a closure and yes, there is a detour. They worked with us all along with how we would like to see it detoured.
SERVICE DEPARTMENT, ERNEST STATEN

Mr. Staten—Hydrant flushing started in Fairlawn last week. That will continue for the next month, so you will see them in Bath, Copley, or Fairlawn. They sort of bounce around in the three communities. They will be here for a month and that is done by the City of Akron.

The mosquito program, the weekly spraying, started last week. It will continue until around September 1, 2020, depending on the weather. The days are Tuesday and Wednesday. Basically, the north side of the City and Ridgewood Lakes and Villages at Fairlawn on Tuesday and the south side of the City on Wednesday.

I just want to let everyone know the changes that the virus has made on the compactor. In January we had 5800 cars go through in a month. In May the count was 10,600 cars. So, that’s an increase of at least 5000 cars and it has doubled our tonnage since the virus. That has continued to climb and now we are at double.

Mr. Staten—FairlawnGig has surpassed $200,000.00 a month in revenues about a week ago. We have reached another high point, we think, with the $200,000.00.

FINANCE DEPARTMENT, MARK LUDWIG

Mr. Ludwig—I have no report this evening.

FINANCE DEPARTMENT, JACOB KAUFMAN

Mr. Kaufman—I have no report this evening.

PARK AND RECREATION DEPARTMENT, LAURIE BEISECKER (EXCUSED)

Mr. Sharnsky—That brings us to Item 8 on the Agenda; our Public Hearing. We have a Public Hearing tonight on Ordinance 2020-021A. Will the Clerk please call the roll for the Public Hearing?

ROLL CALL: Mayor Roth, here; Mr. Russell T. Sharnsky, here; Mrs. Maria Williams, here; Mrs. Barbara Potts, here; Mr. Todd Stock, here; Mr. Philip Brillhart, here; Mr. Michael Detorakis, here; and Mrs. Kathleen Baum, here.

Mr. Sharnsky—We are holding this Public Hearing in regards to Ordinance 2020-021A. Would the Clerk please read Ordinance 2020-021A by title only?

Mrs. Caldwell read Ordinance 2020-021A.

Mr. Arnold—Will the representative or the proponent please come forward to present this ordinance?

Mr. Arnold—Part of the ordinance is driven by the City’s new storm water management manual. The Engineer and Mr. Staten were looking at that and we saw how it got into the zoning code. We decided to go through the Zoning Code and clean up some of the issues or references, as well as, clean up some of the outdated language and modernize it a little bit. A good bit of the stuff is just cleaning up general language. I should mention that Planning Commission did approve this on Thursday and the one change that Planning Commission had was regarding the electric vehicle code, the electric charging stations in the parking code, 1284.

There are a couple of references here to outdated technology on submission for plats and subdivision plans. One of the options was submitting on CD Rom. We now allow for any digital format that’s compatible with the IT systems run by the City. A couple of other requirements we are putting in for submission for subdivisions or any development would be location of vaults by the water department. That’s a new thing we added there. That way, during the planning process, we can see where they are actually going. Most of the time Planning Commission has no idea where they’re going because Akron Water doesn’t tell the developer until well after the planning process. So, we added that to be known in the planning process. A lot of what was done actually makes it easier for developers. It’s a little more stream line this way.

I am open to any questions that you might have.

Mr. Sharnsky—None? Okay, thank you. Is there anyone who would like to speak for or against this ordinance?

Mayor Roth—I’d like to thank the efforts of the City Engineer, Ernie, Bill and the Law Director. We’ve been meaning to update this section of code for quite a while and as things change we want to make sure they are all consistent, because if you change one section, you need to change them all. It took a lot of work and I appreciate the work they did. As Planning Commission saw, it makes sense. We are now talking about some new technologies, the electric charging stations. Again, I think it’s a good amendment to the code. I would ask Council to look favorably in passing this.

Mr. Sharnsky—I would also like to mention Mrs. Potts’ contributions to the ordinance with her expertise on electric vehicles. She had a lot of input on those changes. Are there any questions or comments from members of Council or the audience?

Mr. Nace—Just to clarify for the record, as Mr. Arnold said, the Planning Commission had recommended that this be adopted, or at least the sections that were before them, but they conditioned that on making those changes that we had discussed at the Committee of the Whole meeting about the electric vehicle chargers that are on page 50 of your Exhibit in Section 1284.051, where we made the changes requiring that the parking lots that are 15 to 49 spaces would have at least one level-2 station or better and they are continuing to require 5% of the required at level-2 for resident parking and we specified that we would be rounding up to the next whole numbers where there is a fraction.
APPROVED AS SUBMITTED

For non-residential mixed-use land uses that are 15 to 49 spaces, those have to have available for the use of the general public at least one level-2 station or better.

Also, for parking lots that are at least 50 spaces, there were the changes made that required at least one, or 5%, of the required parking at the level-2 station or better; for resident parking. And also, specifying that we would be rounding up to the next whole number when there is a fraction. I also made one further change in 3B, you will see that I specified that with at least one station adjacent to a handicap accessible parking space just to make that clear. I think that’s what was intended originally, but I thought that I would clarify that by making that change.

Mr. Sharnsky—Thank you, any other comments? Hearing none, we will now resume our regular meeting and I would ask the Clerk to please call the roll.

ROLL CALL: Mayor Roth, here; Mr. Russell T. Sharnsky, here; Mrs. Maria Williams, here; Mrs. Barbara Potts, here; Mr. Todd Stock, here; Mr. Philip Brillhart, here; Mr. Michael Detorakis, here; and Mrs. Kathleen Baum, here.

Fairlawn City Council
June 15, 2020
Mr. Sharnsky—Would the Clerk please read Ordinance 2020-021A by title only as a refresher?

Mrs. Caldwell read Ordinance 2020-021A by title only.

Mr. Sharnsky—As was mentioned before, this was recommended to us for approval with some minor changes by the Planning Commission. We have had discussions in our Committee of the Whole meetings and I think all of Council appreciates all the hard work that went in to getting this right. I think it’s right now. We took our time and we did it right. I appreciate all that. Are there any comments before I call for the question? Hearing none, I’d ask the Clerk to please call the roll for Ordinance 2020-021A.

Mrs. Caldwell—VOTE ON ORDINANCE 2020-021A: Detorakis, yea; Brillhart, yea; Stock, yea; Potts, yea; Williams, yea; Sharnsky, yea; Baum, yea. Seven yea on the passage of Ordinance 2020-021A.

Mr. Sharnsky—Would the Clerk please read Ordinance 2020-034 by title only for the third time?

Mrs. Caldwell read Ordinance 2020-034 by title only.

Mr. Sharnsky—Comments from the Administration?

Mr. Nace—This is something that has been before Council for a few months. We introduced it in April. We’re trying to update the rules for Council. The idea was to bring it in conformance with the way that we conduct
meetings and also to add some requirements regarding the procedure during meetings and how people speak at meetings and that type of thing. As we mentioned in the Committee of the Whole meeting, I made a small change to the proposal that had been before Council previously that we noted on Page 6 of 7 in Section 222.01 subsection (d) and that’s just requiring the legislation be presented to the Mayor within twenty-four hours of passage, not that that has been a problem. In fact, most of what is in here did not result from there being a problem. Obviously, there’s not been any problem between the Council members even though some of the changes we’re making are set up to put a little more structure as to how meetings are conducted. That’s not to imply that there’s been any problem with that. It’s just that we are trying to anticipate in the future where something like that might pop up that we have some structure to deal with it now.

Mr. Sharnsky—I think some of the rules and regulations that Council is modifying were also adopted in a similar format to Planning Commission as well.

Mr. Nace—Yes.

Mr. Sharnsky—As a former Council member, your input was very valuable in structuring these changes and you had a perspective that I think most Law Director’s probably wouldn’t have. It is much appreciated. Are there any comments or questions on this ordinance? Hearing none, I would ask the Clerk to please call the roll for Ordinance 2020-034.

Mrs. Caldwell—VOTE ON ORDINANCE 2020-034: Brillhart, yea; Stock, yea; Potts, yea; Williams, yea; Sharnsky, yea; Baum, yea; Detorakis, yea. Seven yea on the passage of Ordinance 2020-034.

Mr. Sharnsky—Would the Clerk please read Ordinance 2020-039 by title only for the second time?

Mrs. Caldwell read Ordinance 2020-039 by title only.

Mayor Roth—This is the second reading only, so I would ask Council to continue to hold this in committee.

Mr. Sharnsky—Are there any comments at this time from members of Council? Hearing none, we will hold this in committee.

Mr. Sharnsky—Would the Clerk please read Ordinance 2020-040 by title only for the second time?

Mrs. Caldwell read Ordinance 2020-040 by title only.

Mayor Roth—This is the second reading but I would ask Council to look favorably upon this tonight. As you recall, this was advertised for bid. We received six bids. This is the low bidder. We’ve had a chance to tabulate everything and it’s all in order. It’s below the Engineer’s estimate. As indicated previously, through the help from ODOT, this was done by e-bidding, which basically the bid is either submitted correctly or is not and rejected by the computer itself. The State of Ohio’s budget starts July 1, 2020, and that’s when funding becomes available for construction here. We would like to have the pre-construction meeting before July 1, because we will then be getting in to the Fourth of July holiday. I would ask Council to look favorably upon passing this tonight.

Mr. Sharnsky—Are there any other comments or questions from members of Council? So that we don’t hold this project up, it’s been a long time in getting to this point, I would ask for a Motion to suspend the three-reading rule.
Mrs. Potts—So moved.

Mr. Sharnsky—Mrs. Potts made the MOTION. Is there a second?

Mrs. Baum—Second.

Mr. Sharnsky—Mrs. Baum the second. Would the Clerk please call the roll for the suspension of the three-reading rule for Ordinance 2020-040.

Mrs. Caldwell—VOTE ON THE SUSPENSION OF THE THREE-READING RULE FOR ORDINANCE 2020-040: Stock, yea; Potts, yea; Williams, yea; Sharnsky, yea; Baum, yea; Detorakis, yea; Brillhart, yea. Seven yea on the suspension of the three-reading rule for Ordinance 2020-040.

Mr. Sharnsky—Would the Clerk please read Ordinance 2020-040 by title only for the third time?

Mrs. Caldwell read Ordinance 2020-040 by title only for the third time.

Mr. Sharnsky—We have had discussion. The Mayor has made comments on this ordinance. One thing that needs to be mentioned is that a lot of these funds, or a large percent of these funds, are coming from grants and outside sources and not City funds. This has been a long time in the making. Are there any other comments or questions from members of Council? Hearing none, I’d ask the Clerk to please call the roll for Ordinance 2020-040.

Mrs. Caldwell—VOTE ON ORDINANCE 2020-040: Potts, yea; Williams, yea; Sharnsky, yea; Baum, yea; Detorakis, yea; Brillhart, yea; Stock, yea. Seven yea on the passage of Ordinance 2020-040.

Mr. Sharnsky—Would the Clerk please read Ordinance 2020-044 by title only for the first time?

Mrs. Caldwell read Ordinance 2020-044 by title only.

Mr. Sharnsky—Mr. Stock made the MOTION to accept; Mr. Brillhart seconded.

Mayor Roth—By Charter, the Charter Review Commission meets every three years and they examine the Charter and make recommendations to Council as to whether they deem any changes necessary. Some years they meet and there are no changes and then there are other years where they suggest changes. They recommended two changes to the Law Director. These are first readings only, so I would ask Council to hold them in committee and we can discuss them at a further time.

Mr. Sharnsky—Are there any comments from members of Council at this time? Hearing none, we will hold this in committee.

Mr. Sharnsky—Would the Clerk please read Ordinance 2020-045 by title only for the first time?

Mrs. Caldwell read Ordinance 2020-045 by title only.

Mr. Sharnsky—Mrs. Potts made the MOTION to accept; Mr. Detorakis seconded. We did discuss this at Committee at the Whole meeting. Comments, Mr. Mayor?
**Mayor Roth**—On construction projects like this, just like our annual road program, we always hire an independent engineering service to provide construction inspection and, in this case, after our reviewing process and also complying with ODOT rules for picking a firm to do the inspection, we have selected this company. Their cost is less than 10% of the project which is pretty good for this type of anticipated cost. Approximately two-thirds of this cost is paid for by ODOT funding. The inspectors have to have people on site every day. Our policy is if there is not an inspector present, the work that is performed is not paid for. So, they will be there every day of construction. They have to keep a diary, which in the case of the federal funding is very detailed. They have to list things like materials used and subcontractors that come, and the dates. They also have to receive samples from the construction company. They are tested. It is quite involved and complex. It’s impossible for us to do it in house. It’s not recommended to do it that way anyway. I would ask Council to pass this because they also run a pre-construction meeting and they start the documentations there for the entire project.

**Mr. Sharnsky**—This is a companion piece as the Mayor mentioned to Ordinance 2020-040. Are there any comments at this time on this ordinance? Hearing none, I would entertain a Motion for the suspension of the three-reading rule for Ordinance 2020-045.

**Mr. Sharnsky**—Mrs. Potts made the MOTION; Mr. Stock seconded. Would the Clerk please call the roll for the suspension of the three-reading rule for Ordinance 2020-045?

**Mrs. Caldwell**—**VOTE ON THE SUSPENSION OF THE THREE-READING RULE FOR ORDINANCE 2020-045:** Williams, yea; Sharnsky, yea; Baum, yea; Detorakis, yea; Brillhart, yea; Stock, yea; Potts, yea. **Seven yea on the suspension of the three-reading rule for Ordinance 2020-045.**

**Mr. Sharnsky**—Would the Clerk please read Ordinance 2020-045 by title only for the second and third time?

**Mrs. Caldwell** read Ordinance 2020-045 by title only for the second and third time.

**Mr. Sharnsky**—Any final questions or comments from members of Council? Hearing none, I’d ask the Clerk to please call the roll for Ordinance 2020-045.

**Mrs. Caldwell**—**VOTE ON ORDINANCE 2020-045:** Sharnsky, yea; Williams, yea; Potts, yea; Stock, yea; Brillhart, yea; Detorakis, yea; Baum, yea. **Seven yea on the passage of Ordinance 2020-045.**

******************************

**Mr. Sharnsky**—Would the Clerk please read Ordinance 2020-046 by title only for the first time?

**Mrs. Caldwell** read Ordinance 2020-046 by title only.

**Mr. Sharnsky**—Mr. Stock made the MOTION to accept; Mrs. Baum seconded.

**Mayor Roth**—My earlier remarks in reference to the Charter Review Commission holds to this ordinance. It is the first reading only. I would ask you to hold this in committee.

**Mr. Sharnsky**—Are there any questions or comments at this time from members of Council? Hearing none, we will hold this in committee.

******************************

**Mr. Sharnsky**—Would the Clerk please read Resolution 2020-047 by title only for the first time?
Mrs. Caldwell read Resolution 2020-047 by title only.

Mr. Sharnsky—Mr. Brillhart made the MOTION to accept; Mr. Detorakis seconded.

Mayor Roth—As we discussed in our committee meeting, this has been a work in progress. We previously passed a resolution of similar nature. As the Ohio legislature deals with the Federal funding and also the County, we have to change as we go along to make sure we are in full compliance of this. I would ask if Mr. Kaufman has anything else to add at this point.

Mr. Kaufman—Nothing other than there is some urgency with this. The sooner we can get this resolution passed, we can file it with the County and the State and then when the County receives funding from the State they have to remit it to us within seven days.

Mr. Sharnsky—This really seems to be a moving target. I wouldn’t be surprised if we were doing another amendment in the future.

Mayor Roth—You’re correct. It’s a novel situation where when you look at the funding coming from the Feds and the State, being distributed by the State. Fortunately, we have been ahead of the curve as compared to most counties and I think that this resolution reflects that we are working with the County and the State to make sure it is done correctly.

Mr. Sharnsky—We definitely want to be compliant. Any other comments from members of Council? Hearing none, I would ask the Clerk to please call the roll for Resolution 2020-047.

Mrs. Caldwell—VOTE ON RESOLUTION 2020-047: Williams, yea; Potts, yea; Stock, yea; Brillhart, yea; Detorakis, yea; Baum, yea; Sharnsky, yea. Seven yea on the passage of Resolution 2020-047.

Mr. Sharnsky—I would like to continue on this format. I believe it’s working well during this time, to have the Committee of the Whole meeting the same day as the Council meeting where everyone has to be exposed to everyone else at one time, just for a longer period of time. I’d like to set the next Committee of the Whole meeting for the date consistent with our next regular Council meeting, one hour before, on July 13, 2020 at 5:30 p.m. and then at 6:30 p.m. we will begin our regularly scheduled Council meeting for July. We are under our summer session, so we only have one meeting in July and one meeting in August.

FINANCE COMMITTEE CHAIR, BARBARA POTTS

Mrs. Potts—There is no report from the Finance Committee tonight.

Mr. Brillhart—Would the Clerk please read Ordinance 2020-037 by title only for the second time?

Mrs. Caldwell read Ordinance 2020-037 by title only.

Mr. Brillhart—We have a Public Hearing scheduled for July 13, 2020.

Mr. Sharnsky—I believe Planning Commission has already considered this?

Mr. Arnold—They did.

Mr. Nace—They considered this. They recommended that this be approved. We had the one small change which we discussed in our Committee of the Whole earlier and that’s included in the packet that I had passed out earlier.

***********************

Mr. Sharnsky—Is there any other business to come before Council this evening? Hearing none, I will entertain a Motion to adjourn. Mr. Stock made a MOTION to adjourn; Mrs. Potts seconded. Everyone voted in favor. The meeting adjourned at 7:11 p.m. The next regular meeting of Council will be Monday, July 13, 2020 at 6:30 p.m.

These are the official minutes of the Fairlawn City Council meeting held on June 15, 2020 and approved by Fairlawn City Council on the 13th day of July 2020.
